

## EXPERIENCE

### UI/UX Design Intern | TigerGraph

Redwood City, CA | May 2019 - August 2019

Designed the interaction patterns between functions and users to create simplified experiences of a graph analytics program.

Delivered low and high fidelity wireframes and prototypes to articulate functionality and user experience.

Collaborated with product developers to expand upon existing designs.

### Design Intern | All Set Concierge

Palo Alto, CA | March 2019 - August 2019

Utilized web analytics and user research to critically review current company site design.

Designed with an awareness and understanding towards device capabilities and product functionality.

### Design Research Assistant | VR Home

Pittsburgh, PA | May 2018 - Dec 2018

Interpreted research insights and built understanding of users and context.

Defined research scope and supported for variation of user contexts (culture, environment, and activity).

Delivered concept art for virtual reality spaces designed to emulate feelings of home.

## EXTRACURRICULARS

### Design Chair | Taiwanese Student Association

Pittsburgh, PA | Oct 2018 - Present

Conceptualized and delivered a consistent brand image for showcases, fundraisers, and booth events. Creations included flyers, brochures, tickets, stickers.

### Mobile App Developer | Design for America

Pittsburgh, PA | Fall 2017 - May 2019

Developed an app to create a network for mentors and mentees; worked with a partner, used React Native and Expo.
